Status | **Average score**

Completed - Dec 24, 2023 | **50%**

This PDF provides a comprehensive overview of your test results. It gives you a detailed insight into your scores, helping you to identify your key skills and strengths.

In addition to your overall average score, you'll receive a full breakdown of your assessment, including how long you spent completing the tests, what scores you achieved, and how you performed in different areas of each test.
Test scores

Avg. score **50%**

Understanding Instructions
6%

The Understanding Instructions (previously Following Instructions) test evaluates a candidate's ability to understand instructions in different forms and contexts. This test helps you identify candidates who can process instructions correctly.
